DETAILED ACTION

Allowable Subject Matter

1. Claims 1 –23 are allowed.
2. The following is an examiner's statement of reasons for allowance: the record of prior art does not show an energy storage flywheel system having a secondary bearing control circuit for receive signals from operation of primary bearing and secondary bearing to selectively supply actuator control signals, and one or more secondary bearing actuator assemblies each coupled to one or more of the secondary bearing assemblies, each actuator assembly further coupled to receive the actuator control signals from the control circuit and operable to move the secondary bearing assemblies to either engage position or disengage position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
